SEQUEL PERFORMANCE FEATURES

Everyone needs a workspace that is comfortable and inviting, and if it can be beautifully designed and neatly organized all the better. Designed with an emphasis on ergonomics and organization, SEQUEL OFFICE is full of unique features that integrate technology and create a comfortable and organized place to work.

Desk drawer includes a flip-down front for access to a multifunction system drawer complete with a keyboard/mouse tray and portable electronics charging station. Drawer is lined with nonslip material and includes cable routing channels.

Locking casters on file cabinets provide mobility and versatility.

The SEQUEL Desks include magnetic power strip mounting kits to keep wires organized and out of sight (power strip not included).

Hanging file drawers can be used for letter or legal hanging folders with the included hanger rails.

Unique micro-etched, black tempered glass surfaces are resistant to fingerprints, nonglare, and compatible for use with an optical mouse.

SEQUEL components are constructed of satin finished, nickel-plated heavy gauge steel and richly finished wood panels.

Magnetically attached panels conceal power cords and cables, yet flip down or can be removed for easy access to connections.

SEQUEL coordinates beautifully With BDI's SEMBLANCE Modular System for additional storage, meeting and display space.

SEQUEL OPTIONS
