 Design by Stefano Spessotto

Ispirazione nordica e design minimalista ed elegante per il divano Finland, reso visivamente leggero grazie agli stondati piedini in legno che lo sollevano da terra. La generosa cucinatura della seduta e i piccoli cuscini decorativi, gli conferiscono un aspetto estetico equilibrato di grande comfort. Un divano vagamente vintage che entra nello spazio living creando atmosfera e personalizzando l'ambiente.

Finland sofa features a minimal and elegant design inspired by the Nordic style, made visually light thanks to the thin wooden feet that lift it off the ground. The large seat cushions and the small decorative pillows, give it a balanced overall aesthetic of great comfort. A vaguely vintage sofa that enters the living room creating an atmosphere and personalizing the room.

Style nordique, lignes minimalistes et élégantes pour le canapé Finland, visuellement léger grâce aux pieds fins en bois qui l'isolent du sol: de plus les coussins d'assise généreux et les petits coussins décoratifs lui confèrent un aspect esthétique équilibré et un grand confort. Un canapé d'esprit vintage parfait dans un espace nature et coloré qui apportera une touche et colore tout votre intérieur.
