

METRO

Design by Bernhardt e Vella

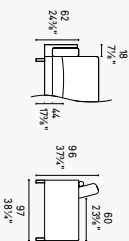

Contemporaneo, semplice e confortevole, il divano Metro ha una grande vivibilità, armonia delle forme ed eleganza senza tempo per uno stile pacato. Il divano compatto è caratterizzato dal bordo retilizzato in "piping" inserito lungo le cuciture dei cuscini del bracciolo, dello schienale e della seduta. Per ottenere il massimo comfort, è possibile scegliere il cuscino di schienale alto con rullo posteriore.

METRO CS3370

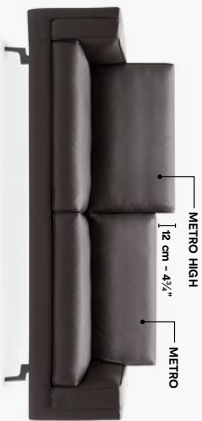

METRO HIGH CS3370-H

Contemporary, simple and comfortable, Metro is a sofa that offers great "livability", with its harmonious shapes and timeless elegance. It features piped edging along the seams of the armrest, backrest and seat cushions. In both the fabric and leather covered versions. For the utmost comfort, it is possible to choose the tall backrest cushion with back roll.

Contemporain, simple et confortable, Metro est un canapé offrant une grande modularité, aux formes harmonieuses et à l'élegance intemporelle. Il est caractérisé par son passepoil qui souligne les coutures des coussins des accoudoirs, du dossier et de l'assise, quasi bien dans les versions tissu comme dans celles dont le revêtement est en cuir. Pour un maximum de confort, il est possible de choisir le coussin du dossier haut.
