

QUEENS

NEW

Design by Stefano Spessotto

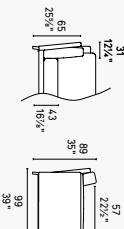

Il divano Queens ha una linea rigorosa ma ricercata nelle proporzioni e nei dettagli sartoriali e gradevolmente ammorbidita dal doppio bracciolo e dalla cuscinatura particolarmente soffice e confortevole. È reso visivamente leggero grazie agli slanciati piedini sfaccettati realizzati in legno di frassino. Pensato per offrire un divano comodo, accogliente, con ampie possibilità di utilizzo e massimo libertà di composizione.

The Queens sofa has rigorous, but sought after lines in the proportions and sartorial details, which are pleasantly softened by the double armrest and the very soft and comfortable cushions. It is visually light thanks to the thin multifaceted ash wood feet. It was designed to offer a product that is comfortable, cosy and suitable for different uses and with the composition utmost freedom.

Le canapé Queens possède une ligne neo classique et raffinée dans ses proportions, dans les détails de confection et agréablement adoucie par le double accoudoir et les coussins particulièrement moelleux et confortables. Visuellement léger grâce aux pieds fins et facetés réalisés en bois de frêne. Queens a été conçu pour être un produit confortable et accueillant, offrant de nombreuses possibilités d'utilisation et une grande liberté de composition.
