

YPSILON

Design by Stefano Casazzana

Il divano Ypsilon è una soluzione giocosa per arredare l'area relax della propria casa. Si tratta di un divano modulare ad isola con trappunture quadrate, perfetto da solo, sublime affiancato ad altre isole, sia nella forma quadrata che rettangolare per un totale di 9 elementi. I due diversi cuscini di schienale riposizionabili a piacere sul divano sono dotati di contrappeso, orientabile in due posizioni (sleep & talk), per un divano da vivere a 360°.

Ypsilon sofa is a playful solution to furnish the relax area of your home. It is an island sofa with squared shaped quilting, which is perfect by itself, divine next to other islands, available both square and rectangular for a total of 9 elements. Two different backrest pillows, which can be freely moved around the sofa and have a counterweight, which can be adjusted in two positions (sleep & talk), for a sofa to live 360°.

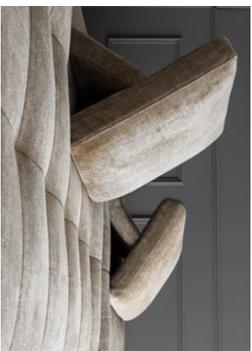

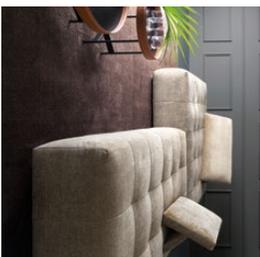

Le canapé Ypsilon est une solution idéale pour meubler le séjour. Il s'agit d'une somme d'îlots qui peut être modulé à envie afin de créer des compositions personnalisées. Disponible en neuf modules carrés ou rectangulaires de différentes dimensions dont la surface est élégamment capitonnée. Les dossiers sont constitués de deux dossiers amovibles en forme de « Y » qui peuvent être positionnés librement sur le canapé : ils sont dotés d'un système de lest qui permet de les orienter en deux positions (sleep & talk) pour un canapé à vivre à 360°.
