

HERCULES 海克力士

By Chen, Chao Cheng & Li, Hui Lun, 2017

The HERCULES series was launched as tribute to the strong, courageous character of Greek mythology. Featuring brilliant mechanical structures while maintaining the essential spirit of design, the HERCULES provides a stunning balance between form and function. Users can turn on and dim the LED light via a swirling switch, adjust the rotating shade and create a perfectly placed arc with the simple move of a lever. The HERCULES is strong yet flexible enough to fit your specific lighting needs.
