

ZHE D provides for a desk lamp version of the ZHE P. ZHE is inspired by a wood from the Orient that is hard as rock. The metal lampshade is meticulously and deliberately hand welded together to resemble a cluster of rocks. Look closely and notice how each metal plate is a bit asymmetrical yet they all fit seamlessly together. Wooden stoppers under each frosted diffuser not only introduce warm elements of the wood, but functionally they soften up the overall light source. ZHE D is small in scale but substantial in design.
