

Nel tavolo Tokyo convivono in perfetta armonia un basamento robusto in legno massello e un piano leggero, in vetro trasparente o ceramica. Nella versione rettangolare, le gambe incrociate e il giunto centrale conferiscono al basamento il caratteristico profilo a X, ripreso anche nella versione tonda, più compatta.

In the Tokyo table, a robust solid wood base coexists in perfect harmony with a lightweight top, in transparent glass or ceramic. In the rectangular version, the crossed legs and the central joint give the base the characteristic X-shaped profile, also found in the round version, which is more compact.
