York nasce dall'idea di giocare con gli spessori dei pannelli che la compongono nel tentativo di fare di un solido mobile un oggetto leggero. York è una famiglia di mobili per la zona notte caratterizzato da bordi inclinati e da piedini anteriori a sezione quadra, ruotati di 45°, che si uniscono al perimetro della cassa. Questa famiglia di mobili viene impreziosita dal top in ceramica, che garantisce eccezionali capacità di resistenza oltre ad essere una soluzione facile da pulire e altamente igienica.

York was born from the idea of playing with the thickness of its panels in an attempt to turn a solid sideboard into a light object. York is a family of furniture for the sleeping area characterized by inclined edges and square-section front feet, rotated by 45°, which join the perimeter of the case. This family is enhanced by the ceramic top, which guarantees exceptional resistance as well as being an easy to clean and highly hygienic solution.
