

## My Taos

design Sergio Bicego

Saba

it — My Taos è il progetto di divano che meglio spiega l'identità Saba. Il lavoro di restyling si è basato sui quattro principi cardine dell'azienda: la memoria, il confort, il design e la poesia. La memoria la si ritrova nel nuovo My Taos nella fedeltà al progetto originale mantenendo lo scorrimento in avanti e indietro dei pouf. Il confort ha riparametrato altezze e migliorato l'ergonomia con l'uso di materiali di ultima generazione. Il design ha ridisegnato nuovi tavoli d'appoggio funzionali e nuovi cuscini cilindrici d'appoggio. La poesia ha arrotondato le forme, smussato spigoli, addolcito le linee, My Taos è il tuo-nostro divano che spiega come un'idea eccellente non si consuma con la fragilità del tempo. Completamente sfoderabile.

en — My Taos is the sofa design that best communicates Saba's identity. Its recent redesign is based on the 4 pillars of the company: memory, comfort, design and poetry. My Taos stays true to its original design by maintaining the element of fluidity in the movement of the pouf structures. Improved comfort has redefined the heights of the back structures and improved the ergonomics using the latest generation of materials. This new design has also altered the fold-out side tables and new cylindrical support cushions. The element of poetry in the updated design has rounded the overall form, softening all edges and lines. My Taos sofa epitomizes how an excellent design stands the test of time. Fully removable covers.

fr — My Taos est le projet de canapé qui reflète le mieux l'identité de Saba. Le travail de restyling s'est fondé sur les quatre principes fondamentaux de l'entreprise : la mémoire, le confort, le design et la poésie. Le principe de mémoire se retrouve dans le nouveau My Taos dans sa fidélité au projet d'origine, dont il conserve la possibilité des poufs de coulisser vers l'avant et vers l'arrière. Le principe de confort est à l'origine d'une nouvelle configuration des hauteurs et de l'amélioration de l'ergonomie qui passe par l'utilisation de matériaux de dernière génération. Le principe de design a donné lieu à la conception de nouvelles tables d'appui fonctionnelles ainsi que de nouveaux coussins d'appui cylindriques. Le principe de poésie a arrondi les formes, émoussé les arêtes et adouci les lignes. My Taos est le canapé de tous, qui explique comment les idées, lorsqu'elles sont excellentes, ne se consument pas avec la fragilité du temps. Entièrement déhoussable.

es — My Taos es el proyecto de sofá que mejor explica la identidad Saba. El trabajo de remodelación se ha basado en los cuatro principios básicos de la empresa: la memoria, el diseño y la poesía. La memoria se encuentra en el nuevo My Taos en la fidelidad al proyecto original manteniendo en desplazamiento hacia adelante y atrás del puf. El confort ha báremado de nuevas las alturas y se ha mejorado la ergonomía con el uso de materiales de última generación. El diseño ha rediseñado nuevas mesas de apoyo funcionales y nuevos cojines cilíndricos de apoyo. La poesía ha redondeado las formas, suavizado las aristas y dulcificado las líneas. My Taos es tu-nuestro sofá que explica cómo una idea excelente no se consume debido a la fragilidad del paso del tiempo. Completamente desenfundable.
