

PICA madia / *sideboard*

design Studio E-ggs

La collezione di madie Pica nasce da un processo creativo che va oltre la funzionalità, elevandosi a emblema di raffinatezza e bellezza senza tempo. Le molteplici configurazioni rispondono ad ogni esigenza e desiderio, disegnano lo spazio sia in altezza che in lunghezza, adattandosi armoniosamente a qualsiasi ambiente. Le ante, che si presentano lisce o arricchite da eleganti disegni geometrici, raccontano una storia di bellezza minimale; gli angoli delicatamente smussati dissolvono la rigidità della geometria, dando vita a un dialogo sottile e preciso tra linee armoniose. Con la possibilità di essere arricchita da vani contenitivi o accessori come passacavi e ricarica wireless, Pica si propone come un complemento discreto e raffinato, capace di integrare con eleganza la tecnologia nella quotidianità, senza mai perdere la sua anima estetica.

The Pica sideboard collection has been developed starting from a creative process going beyond functionality, and raising it to a symbol of refinement and timeless beauty. The various configurations meet every need and wish, drawing the space both in height and in length and harmoniously adapting to any environments. The doors - plain or embellished with elegant geometric patterns - tell a story of minimalistic beauty. The delicately smoothed corners shade away the stiffness of geometry, giving birth to a subtle and precise exchange between the harmonious lines. Available with storage compartments or other optional elements such as cable tray and wireless charging, Pica presents itself as a discreet and refined accessory, capable of elegantly integrating technology into everyday life, without ever losing its aesthetic soul.
