

A reinterpretation of our ever-so-popular MIST pendant series, meet the newly redesigned MIST LED. Preserving the familiar misty raindrop silhouette, MIST LED boasts an enhanced integrated LED, (CRI>95, R9>80). The emitted light is both retained and diffused through the artisanal sandblasted mouth-blown glass, cleverly illuminating its surroundings while creating a candle-like glow. Romantic on its own, yet striking in a cluster, MIST LED is gorgeous over any kitchen island and alluring in any nook and cranny.

Modern yet timeless, the Mist LED series comes versatile in pendant, floor lamp, and table lamp options. The table lamp version features our patented "DJ Dimmer" system for swift on/off/dimming functionality. With soothing proportions, MIST LED's eye-catching craftsmanship and organic vibes radiates subtle yet stunning luxury all day any day.
