

Influenced by modernist architecture, the Konnect is beautifully crafted in quality materials. Offering both functional and versatile illumination configurations, the Konnect delivers various adjustable angles to each of the linear lighting elements, while utilizing high quality integrated LED design that offers Color Rendering (CRI 98).

It conveniently comes in two linear setups as well as a vertical setup, each with two color options. The Konnect is equipped with full dimmable capabilities (0-10V), thoughtfully designed to suit your everyday lifestyle. In the PV4 pendant model, an exclusive quick-release jack design swiftly allows for the direction of the light to be positioned upward or downward.
