UP-LINQ®

DESIGN **MATTHEW WEATHERLY**

With a dreamy combination of organic wood grains, impressive design, and innovative features, the LINQ collection is engineered for today's connected lifestyle. Hidden within the exceptional design are unique features designed to enhance how we live with today's technology. From fully adjustable bed frames with integrated power management and uniquely functional nightstands, the entire bedroom experience has been re-imagined from the ground up.

9117 QUEEN BED

Dimensions 45.25H x 72 x 86.75 in
115H x 183 x 220 cm
Weight 194 lbs | 88 kg

9119 KING BED

Dimensions 45.25H x 88 x 86.75 in
115H x 224 x 220 cm
Weight 218 lbs | 99 kg

SAVE THE WALLS

Wall levelers extend up to 2" | 5 cm, securing the headboard away from the wall.

CONTOURED EDGE

The bed frame's inner edge is beveled inward to provide a comfortable surface when making the bed.

THOUGHTFUL DESIGN

Rounded edges and recessed legs ensure late-night trips to the fridge don't result in bruised shins or stubbed toes.

CUSHIONED SUPPORT

The bed's inner platform features full-width solid pine slats enveloped in soft upholstery, making installation simple and keep vibration to a minimum.

DIMMABLE LIGHTING TOUCHBAR

An easily-accessible sensor in the top of the headboard responds to your touch, dimming the light or turning it on or off at command.

NATURAL WALNUT

The intelligent combination of hardwood solids and veneers ensures each bed is a unique work of nature.

FULLY CONFIGURABLE

The unique platform and bed frame can be placed at four heights, accommodating mattresses of any size. The platform can be removed, if needed, for use with an adjustable bed frame.

POWER UP

A power strip is concealed on both sides of the bed, providing a convenient charging spot. Each power center includes three standard outlets and one USB-A and USB-C outlet.

SO MANY WAYS TO MAKE YOUR BED

The bed's adjustable platform and frame allow LINQ to accommodate various mattress sizes, positioning the mattress at the user's preferred height. The full-width upholstered slatted platform provides sturdy, ventilated support for mattresses 8" to 16" tall—or more, or can be removed for use with an adjustable bed frame.

PLATFORM ADJUSTMENT

Switching the inner platform from the HIGH to LOW position drops the platform 3" for use with taller mattresses.

FRAME ADJUSTMENT

The bed's frame can be positioned HIGH or LOW by modifying the adjustable legs, changing the entire frame height by 3".

Platform Position: High
Frame Position: High
Platform Height: 14 in | 36 cm
(10" Mattress shown)

Platform Position: High
Frame Position: Low
Platform Height: 11 in | 28 cm
(12" Mattress shown)

Platform Position: Low
Frame Position: High
Platform Height: 11 in | 28 cm
(12" Adjustable Mattress shown)

Platform Position: Low
Frame Position: Low
Platform Height: 8 in | 21 cm
(14" Mattress shown)

Up-LINQ 9119 King Bed with 28" Nightstands
