design Pucci & Dondoli

Poggia su un basamento cilindrico in metallo, disponibile in diverse altezze. L'accostamento di più elementi nello stesso ambiente può creare combinazioni uniche. Il top, caratterizzato da una decisa matericità, si ispira al principio della filosofia cinese yin e yang, secondo cui due elementi opposti si completano a vicenda raggiungendo l'equilibrio, con il concetto di creare armonia.

*It rests on a cylindrical metal base, available in a variety of heights. The choice of metal determines the table's overall appearance. The combination of several elements in the same environment successfully creates unique combinations. The top, characterised by a marked materiality, is inspired by the principle of the Chinese yin and yang philosophy, according to which two opposite elements complement each other, achieving balance, with the concept of creating harmony.*
