

Inspired by modernist architecture, the KONNECT series offers a dynamic blend of functional illumination and customizable art decor. Its panel-based LED system allows you to craft a unique lighting style that sets the perfect mood for any space.

The Konnect P10 model stands out as the most versatile in the collection. Featuring ten independently adjustable light panels that rotate up to 300 degrees, it provides endless possibilities for light arrangements. With a swift adjustment, the light can effortlessly transform from a silhouette of simple elegance to a striking, dramatic architectural form.
