BD

# KAVA™

DESIGN **MATTHEW WEATHERLY**

The KAVA Bed is the bold centerpiece of the collection, featuring a striking geometric headboard with a floating panel design. Thoughtful details like dimmable lighting, integrated USB-C charging, and an adjustable frame combine modern aesthetics with everyday comfort.

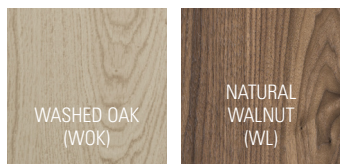

## 9617 QUEEN BED

Dimensions 45.5H x 72 x 89 in  
116H x 183 x 225 cm  
Weight 212 lbs | 96 kg

## 9619 KING BED

Dimensions 45.5H x 88 x 89 in  
116H x 224 x 225 cm  
Weight 262 lbs | 119 kg

### SAVE THE WALLS

Wall levelers extend up to 2" | 5 cm, securing the headboard away from the wall.

### CONTOURED EDGE

The bed frame's inner edge is beveled inward to provide a comfortable surface when making the bed.

### THOUGHTFUL DESIGN

Rounded edges and recessed legs ensure late-night trips to the fridge don't result in bruised shins or stubbed toes.

### CUSHIONED SUPPORT

The bed's inner platform features full-width solid pine slats enveloped in soft upholstery, making installation simple and keep vibration to a minimum.

### DIMMABLE LIGHTING TOUCHBAR

An easily-accessible sensor in the top of the headboard responds to your touch, dimming the light or turning it on or off at command.

### NATURAL WOOD

The intelligent combination of hardwood solids and veneers ensures each bed is a unique work of nature.

### POWER UP

Two USB-C outlets are concealed behind either side of the headboard, providing a convenient charging spot for computers or rechargeable items.

### FULLY CONFIGURABLE

The unique platform and bed frame can be placed at four heights, accommodating mattresses of any size. The platform can be removed, if needed, for use with an adjustable bed frame.

## SO MANY WAYS TO MAKE YOUR BED

The bed's adjustable platform and frame allow KAVA to accommodate various mattress sizes, positioning the mattress at the user's preferred height. The full-width upholstered slatted platform provides sturdy, ventilated support for mattresses 8" to 16" tall—or more, or can be removed for use with an adjustable bed frame.

### PLATFORM ADJUSTMENT

Switching the inner platform from the HIGH to LOW position drops the platform 3" for use with taller mattresses.

Platform Position: High  
Frame Position: High  
**Platform Height: 14 in | 36 cm**

Platform Position: High  
Frame Position: Low  
**Platform Height: 11 in | 28 cm**

### FRAME ADJUSTMENT

The bed's frame can be positioned HIGH or LOW by utilizing the included leg options, changing the entire frame height by 3".

Platform Position: Low  
Frame Position: High  
**Platform Height: 11 in | 28 cm**

Platform Position: Low  
Frame Position: Low  
**Platform Height: 8 in | 21 cm**
