

IMBOTTITI - UPHOLSTERED SEATING

STRUCTURE FOAM

Density 65+5

- Soft and flexible consistency, for an accurate control of the shapes
- High resistance and elastic memory
- It preserves its features over time

ULTRA-COMFORT PILLS

Seat and back density: 55+5

- Ultra-soft, smooth and flexible consistency
- Excellent elasticity and resilience
- It preserves its features over time

STRAPPED SEAT

Elastic seat support

- It amplifies the feeling of comfort from the seat
- It supports the product structural elasticity ensuring in this way a greater durability in time

LAMASOFT UPHOLSTERY (CAT. G)

The lama wool becomes an exclusive velvet

- Natural undyed colours
- High thermal regulation
- Fire retardant
- Hypoallergenic and antimicrobial
- Luxurious comfort
- No pilling
- Stitching with coordinated profile (3mm piping): it clearly defines the sofa perimeter with a precision finish which enclose and enhance the design of the sofa

/ NALIA UPHOLSTERY (CAT. F)

Classic Chanel-style tweed (SAHCO by Kvadrat)

- Complex composition that makes the surface alive, thanks to the interaction of contrasting and complementary yarns expressly developed
- Dense weave enhanced by cotton and linen yarns
- Sprayed colours freely inspired by natural panorama
- Double needle stitching: it allows an impeccable cohesion to the fabric elastic nature for an excellent resistance over time

/ ZERO UPHOLSTERY (CAT. F)

Refined irregular bouclé inspired by Parisian fashion (SAHCO by Kvadrat)

- Luxurious touch and sophisticated look
- Double needle stitching: it allows an impeccable cohesion to the fabric elastic nature for an excellent resistance over time
