

OLYMPIA madia / *sideboard*

design R&D Bontempi

La madia Olympia, di un'eleganza scultorea e minimale, celebra il design contemporaneo attraverso una raffinata combinazione di materiali innovativi e texture ricercate. La struttura a tre ante a battente definisce un volume monolitico e raffinato. I fianchi e il top proseguono la linearità del design, mentre i ripiani interni in cristallo alleggeriscono la composizione con trasparenze luminose. Le ante, disponibili in SuperCeramica o SuperMarmo, catturano la luce con riflessi unici.

Olympia sideboard, characterized by a sculptural and minimalist elegance, celebrates contemporary design through a refined combination of innovative materials and sophisticated textures. The structure, with three hinged doors, defines a monolithic and refined volume. The sides and the top continue the linearity of the design, while the glass inner shelves lighten the composition with bright transparencies. The doors, available in SuperCeramic or SuperMarble, capture light with their unique reflections.
